MANUFACTURING COMPANY

**Crafted with care.  
Built to last.**

# Company Overview

Matilpro is a textile manufacturing company based in Tirana, Albania, operating as a structured B2B production partner for international clients across home textiles, hospitality & hotel textiles, and baby & kids bedding textiles.

Founded on 19 December 2019, the company has developed a manufacturing model focused on consistency, scalability, and technical accuracy. Our production activities cover a wide range of home textile categories, with particular expertise in bed textiles and related products, serving both residential and hospitality markets.

With a workforce of 100 skilled employees and an annual production capacity of 1.8 million items, Matilpro combines industrial efficiency with flexibility, allowing adaptation to different product requirements, order volumes, and market standards.

Our role goes beyond production execution. We work as a manufacturing partner, supporting product development, customization, and long-term supply programs aligned with international quality expectations.

# Manufacturing Philosophy

**At Matilpro**, manufacturing is guided by a structured philosophy built on process discipline, quality consistency, and long-term reliability.

**Each stage** of production is designed to ensure repeatability, traceability, and compliance with defined specifications. From material selection to final inspection, our teams operate within clearly defined procedures that support stable outcomes across different product categories.

**We believe** manufacturing excellence is achieved through continuous improvement, technical accountability, and respect for production processes.

This approach allows us to support international clients with confidence, regardless of product complexity or customization level.

**Excellence  
is achieved**

# Letter from the CEO

At Matilpro, manufacturing is built on responsibility, structure, and a long-term perspective. From the outset, our focus has been on developing a manufacturing organization that delivers consistency, technical accuracy, and reliability at every stage of production. Since establishing the company in 2019, our vision has been to position Matilpro as a trusted manufacturing partner in the textile sector, supporting international brands through structured processes, flexible solutions, and products aligned with global standards.

Our clients and partners are central to our work. Each collaboration is approached with transparency, attention to detail, and a shared commitment to quality, with the objective of building long-term partnerships based on trust and clear communication.

Behind every product stands a dedicated team driven by professionalism, collaboration, and care for detail. This shared working culture allows us to deliver consistent results and continue developing as a reliable manufacturing partner for international markets.

# Packaging, Logistics & Lead Time

## Packaging

Packaging at Matilpro is managed with a focus on product protection, compliance, and client requirements. Packaging formats are defined in coordination with each client, considering product type, labeling standards, transportation method, and destination market needs. All products are packed to ensure integrity during storage and transit, with custom packaging options available upon request.

## Logistics

Logistics are organized according to agreed shipping terms. Matilpro supports both EXW (Ex Works) shipments, managed by the client, and CIF (Cost, Insurance and Freight) shipments, coordinated by Matilpro through selected logistics partners, allowing flexibility in supply chain planning.

## Lead Time

Lead times depend on product type, order volume, and production planning. The average production lead time is 2 to 4 weeks from order confirmation, with timelines communicated in advance and monitored to ensure reliable delivery.

# Current Export Destinations

**Matilpro** is currently exporting to these countries, with plans to expand further.
